

Wood Graphixs, Inc.

Quality Imaged Country & Wildlife Wood Products

Our Products

Welcome to Wood Graphixs, Inc.
Manufacturer of high quality imaged wood products.

Our wall art and room screen products are made from Northern White Cedar wood, which is chosen for its characteristics, such as small holes, knots, stain, sap, wane and defects. We select wood which will enhance the images.

Imaging is done by a "DIRECT" application of an automotive based pigment, which is extremely fade resistant and color fast. Our imaging process is not a decal or overlay on the wood.

We finish each unit with a base coat of sealer and two top coats of matte finish.

Cleaning the product is done with a vacuum and a brush attachment. To clean the T-Seat just use a mild detergent with NO abrasives or Lysol spray.

Wall art is available in a variety of sizes:

Vertical:	Horizontal:	Square:
8"x12"	12"x8"	12"x12"
8"x24"	24"x8"	24"x24"
16"x24"	24"x16"	
24"x36"	40"x30"	

Most of our art can be cropped to fit other sizes. There are some instances where it cannot and we will notify you to make alternate selection.

View our complete inventory online at:

www.wgi2011.com

All of our products are proudly made in the United States of America

Wall Art

Wall Art Finish Options: All sizes of our Room Screens and Wall Art are available in either "Rustic" or "Gallery" finish.

Standard "Rustic" Line:

- Sanded slightly to allow wood to maintain a "Rustic" appearance.
- Standard finish with straight corners.

Optional "Gallery" Line:

- Very smooth sanded wood.
- Fine furniture finish with stained edges and rounded corners.
